

WORKPLACE MENTAL HEALTH & WELLBEING

Psychology-informed support for international organizations.

Workshops, leadership support and EAP-style collaboration for HR, People & Culture and Employee Experience teams building healthier workplace cultures.

For HR and People teams

Burnout prevention, psychological safety, communication under pressure and sustainable performance.

International organizations

Experience across American, Spanish and Serbian organizational contexts, with sensitivity to remote and multicultural teams.

What this supports

A practical offer for organizations that want credible support without generic wellbeing language.

Burnout prevention

Recognize pressure patterns before they become crisis points.

Manager wellbeing

Support leaders carrying decisions, uncertainty and emotional load.

Psychological safety

Improve team conversations, trust and communication under pressure.

Cross-cultural teams

Support remote, international and multicultural collaboration.

Formats

01 Workshops & talks

60-90 minute sessions for teams, managers or HR audiences.

02 Series & initiatives

Multi-session wellbeing, resilience or leadership support.

03 EAP-style collaboration

Referral pathways and external psychological support for employees.

Featured workshop

The People Behind the People

Mental Health and Resilience for HR Professionals

A standalone workshop for HR, Talent Acquisition, People & Culture, HR Business Partner and Employee Experience teams.

Example topics

Burnout in HR, emotional load of people-facing roles, difficult conversations and psychological boundaries.

Why it matters

People teams support everyone else. This format gives them language and strategies to support others without neglecting themselves.

How collaboration works

STEP 1 Initial conversation

Discuss challenges, goals, audience and context.

STEP 2 Tailored proposal

Workshop or collaboration designed around organizational needs.

STEP 3 Delivery & follow-up

Delivery, feedback and recommendations for future initiatives.
